

HEALTH & WELLBEING POLICY STATEMENT

Air 3 Limited is committed to providing a working environment which promotes and maintains the wellbeing and good health of its staff and all other personnel engaged in work for Air 3 Limited on our sites and in our offices. Air 3 Limited recognizes the importance of investing in the health and welfare of its staff by providing a physical and social environment which is conducive to teaching, learning, living and working.

In addition to meeting all legal requirements, we will take a proactive approach to workplace wellbeing by ensuring that mechanisms are in place to prevent work-related occupational health injuries and to promote good health amongst the workforce.

We will encourage the development of a culture in which managers take an interest in the health and wellbeing of their staff and employees themselves adopt a responsible approach to measures within their own control to keep healthy.

Peter Morgan
Managing Director
