

ENVIRONMENTAL POLICY STATEMENT

At Air3 Limited, we recognize the importance of environmental stewardship in our operations. As a leading building contractor, we are committed to minimizing our environmental impact and promoting sustainability in all aspects of our business.

This policy outlines our dedication to protecting the environment and reducing our carbon footprint.

1. Commitment to Environmental Protection

Air3 Limited is dedicated to protecting the environment by:

- Complying with all relevant environmental laws, regulations, and standards.
- Implementing sustainable practices to minimize resource consumption and waste generation.
- Continuously improving our environmental performance through innovation and technology.
- Educating and engaging our employees, subcontractors, and suppliers in environmental stewardship.

2. Pollution Prevention

We are committed to preventing pollution by:

- Identifying potential environmental risks and implementing controls to mitigate them.
- Using environmentally friendly materials and technologies whenever feasible.
- Properly managing and disposing of waste in accordance with legal requirements and industry best practices.
- Implementing spill prevention and response procedures to minimize environmental contamination.

3. Resource Conservation

Air3 Limited strives to conserve natural resources by:

- Promoting energy efficiency and reducing greenhouse gas emissions in our operations.
- Minimizing water consumption and managing water resources responsibly.
- Encouraging the reuse, recycling, and responsible disposal of materials to reduce waste generation.

4. Environmental Management System (EMS)

We maintain an Environmental Management System to:

- Establish and review environmental objectives and targets to drive continuous improvement.
- Monitor and measure our environmental performance against established criteria.

- Conduct regular audits and assessments to ensure compliance with our environmental policies and procedures.

5. Stakeholder Engagement

We engage with our stakeholders to:

- Communicate our environmental policy and performance transparently.
- Collaborate with clients, suppliers, regulatory agencies, and community organizations to address environmental challenges and promote sustainability.

6. Employee Training and Awareness

We provide training and awareness programs to:

- Equip our employees with the knowledge and skills needed to implement our environmental policies and procedures.
- Foster a culture of environmental responsibility and encourage active participation in environmental initiatives.

7. Review and Improvement

We regularly review and update our environmental policies and procedures to:

- Adapt to changing environmental conditions, technologies, and regulations.
- Identify opportunities for further environmental improvement and innovation.

Conclusion

Air3 Limited is committed to being a responsible steward of the environment. By integrating sustainable practices into our operations and collaborating with our stakeholders, we aim to minimize our environmental footprint and contribute to a cleaner, healthier planet for current and future generations.
